

# NOA LIGPITAN

## Software Developer

IT college graduate with a strong passion for JavaScript development and over 4 years of hands-on experience as a self-taught developer. Proficient in building dynamic and interactive web applications using JavaScript, HTML, and CSS. Skilled in front-end frameworks like React, and experienced in server-side scripting with Node.js. Proven ability to collaborate with cross-functional teams and deliver high-quality, user-friendly web solutions. Committed to staying at the forefront of JavaScript innovations and best practices. Seeking opportunities to leverage my JavaScript expertise to create engaging and responsive web experiences for clients or users.
